**Public Fire Protection** – This service includes the use of hydrants for fire protection service only and such quantities of water as may be demanded for the purpose of extinguishing fires. This service shall also include water used for testing equipment and training personnel. Rate established 1/1/2003.

**Private Fire Protection** – This service shall consist of permanent or continuous unmetered connections to the main for the purpose of supplying water to private fire protection systems such as automatic sprinkler systems, standpipes, and private hydrants.

**Storm Water Fee** – The storm water fee finances the City's Storm Water Management Program and compliance with the Wisconsin Pollution Discharge Elimination System permit. The fee is based on the amount of runoff that is generated by different land uses within the city. Rate established 1/1/2006.

Residential - \$3.00 / Household / Month

The utility provides credits for use of storm water best management devices that reduce the amount discharged to the City's storm water conveyance system. A credit may be granted to commercial, industrial, institutional, and multi-family property. Certain criteria must be met and credit must be applied for. For more information regarding the Storm Water Utility and to download the credit policy and application visit the City website at [www.chippewafalls-wi.gov](http://www.chippewafalls-wi.gov). Follow the City Departments, Public Utilities, Storm Water links.

Please contact the Utility office for a full copy of our rates and operating rules.

Our office is located in City Hall, 30 West Central Street, Room 209. Office hours are 8:30 - 4:30, Monday - Friday.
